

**ROCKLAND SENIOR CENTER  
317 PLAIN STREET  
ROCKLAND MA 02370**

June 27, 2014

To Whom It May Concern:

It is with great pleasure, I recommend Dan Pallotta and his team at P- Three Inc. Having Dan as our Project Manager for our new Senior Center was without doubt the best thing that could have happened to our Building Committee and the Seniors of Rockland. He made my job as Chairman of the Building Committee a wonderful experience.

We had a very low budget to work with and Dan was successful in bringing the project to completion within our budget and for the most part on time in spite of many issues beyond his control. He saved us approximately \$200,000.00 in overrun costs due to ledge problems and issues with the utility companies. He is highly respected by members of our Building Committee, Selectmen, Town Administrator and more important our Town Accountant.

I have served as School Superintendent for 25 years, Selectman and Chairman of various Town Committees and believe me I know if someone is a great Project Manager and Dan is the best. Due to Dan's professional commitment and attention to detail, we have the most beautiful Senior Center in the area. Since our opening on July 7<sup>th</sup> hundreds of Rockland Citizens have visited and toured this beautiful building and not one complaint has been made.

I cannot adequately express how fortunate we have been to have him on board. Please call me 617-733-5635 if you have any questions. Better yet take the time to visit our Senior Center and you too will be convinced.

Sincerely,

John Rogers, Chairman  
Rockland Senior Center Building Committee
